Draft

Hello,
My name is **Jaydeep Gaushwami**, and I'm currently working as a **Web Designer Intern**. I have a strong interest in designing clean, user-friendly, and responsive websites. I have knowledge of HTML, CSS, and basic JavaScript, and I'm currently learning design tools like Figma and Adobe XD.

During this internship, I'm eager to gain hands-on experience, improve my skills, and contribute to real-world web projects. I'm passionate about front-end development and excited to grow in the field of web design.

Thank you for the opportunity.

  Best regards,
Jaydeep gauswami
